

What to do:

On your way round the Restoration Route there are 6 rubbing plaques.

For the Restoration Route follow

Each one has a picture of part of our flagship steam engine, *Canadian Pacific*.

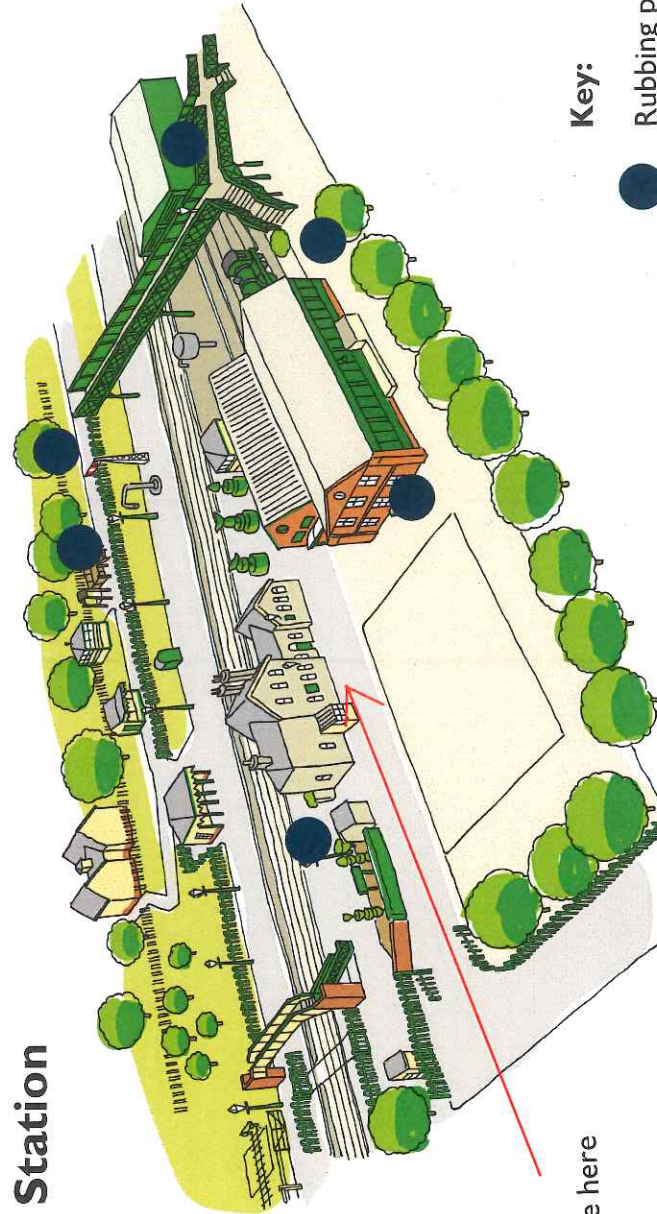

How to collect the pictures

1. Place this sheet over the plaque making sure the picture goes inside the square.
2. Using a crayon, rub over the plaque.
3. The picture will start to appear in the square.

Find all 6 pictures to complete the trail!

Can you spot these parts on the steam engines sat in the yard?
